

Patient and Family Advisory Council (PFAC) Annual Report Form

Patient and Family Advisory Councils (PFACs) are an integral part of health care organizations. All licensed hospitals, as well as accountable care organizations devoted to MassHealth members, are required to convene a PFAC on a regular basis and tap its members' expertise and lived experience to help the health care organization better meet the needs of its patients.

The Betsy Lehman Center for Patient Safety oversees PFAC work in Massachusetts. Read more [on the Center's website](#).

Use this form to capture the essential activities of your PFAC during the past fiscal year (July 1 – June 30) and submit to the Betsy Lehman Center by October 1. If your hospital has multiple PFACs, please fill it out for the work of your hospital-wide PFAC, and use the last section to describe the work of any additional PFAC groups. The Center will generate a report from the information submitted and return it to you to distribute throughout the organization and post to your organization's website. The Center will also aggregate information and share an annual report of all PFAC activities in the state.

SECTION II: ABOUT THE COMMUNITY

13. State regulations call for hospital PFAC membership to be reflective of the community it serves. Two sets of data can help better understand the racial/ethnic makeup of the community and primary languages spoken.
- a. Race/Ethnicity: Use the links in the table below to find data about the race and ethnicity of the community served by your hospital. If your hospital gathers this information differently, please enter it here.

	Percentage of population	
	Catchment area	Patients served
White	89.1	89.28
Black	1.2	3.11
Hispanic	3.6	2.91
Asian	1.1	0.5
Native Hawaiian and Pacific Islander (NHPI)	0	
American Indian or Alaska Native (AIAN)	0.2	0.02
Other	0	2.09
Multi	0	

- b. Languages spoken: The best source will be within your hospital. You may need to ask colleagues in community relations, patient experience, informatics or other record-keepers for this information.

	Percentage of patient population
Spanish	1
Portuguese	0.36
Chinese	
Haitian Creole	0.16
Vietnamese	0.04
Russian	0.03
French	
Mon-Khmer/Cambodian	
Italian	0.02
Arabic	0.01
Albanian	
Cape Verdean	
Limited English proficiency (LEP)	96.8

- c. How well do the demographics of your PFAC match the demographics of your hospital's patient population? **Very well**

14. There are many ways to describe the array of perspectives in a community, including age, income, gender, sexual orientation, gender identity, disability, veteran status, career, chronic or rare disease status, religion, etc. How would you describe your PFAC membership's representation of the community it serves more broadly?

The community we service in Plymouth is majority female (58%), and age range 55-80+ is the largest percentage of the community at 83% of the community, and 65-80 is 47%, ie nearly half. Our PFAC is all female and fall in community majority age range. We are working to recruit men as candidates as well.

15. Describe any strategies and activities during the last year to align PFAC membership with the diversity of the community served by your organization.

We have PFAC information on our hospital website, and we also use word of mouth, especially since many of our PFAC members are highly involved in organizations in our community, to entice any interest from others in the community who would like to join.

SECTION III: KEY ACCOMPLISHMENTS AND IMPACT

16. How often do you measure the impact of the PFAC on initiatives? **Never**
17. How often do you track outcome metrics related to PFAC advice? (e.g., improvement in patient experience scores, reduction in falls, etc.) **Never**
18. How often do you track process metrics? (e.g., number of meetings, number of initiatives, etc.) **Always**
19. Describe key work accomplished by the PFAC last year. For example, in what ways did the PFAC provide feedback/perspective, lead or co-lead programs and initiatives, or influence the institution's financial and programmatic decisions? Include at least three accomplishments.

1. Assisted our Community Benefits leadership distribute surveys regarding Social Determinants of Health for our community. 2.Share flyers and information form community events hosted by the hospital to the community 3.Provided feedback on Informed Consent 4.Organized a community event as an informational regarding Palliative and Hospice Care 5.Created a pamphlet for Hospice/Palliative care 6.2 members joined two hospital committees (QSRC and Patient Rights) 7.Standing agenda item: Community feedback, which is then shared and addressed by leadership

20. How do you promote the accomplishments of your PFAC? (Select all that apply)

☐ Newsletter

☐ Presentation

☒ Report

☒ Word of mouth

☐ We currently do not promote

Other:

21. Did the hospital/organization leadership share its goals for the year with the PFAC membership? **Yes**

22. Did the work accomplished by your PFAC help advance the organization's goals? **Yes**

Please describe:

Please see answer to Question 19, which helps advance the hospitals goals of patient centered care.

23. What were the greatest challenges your PFAC faced?

Recruiting a male member to join the committee to help reflect our community a little more accurately. Also ensuring I am able to secure PFAC involvement and feedback into more hospital initiatives and projects early on, instead of informing the council of the progress later on.

SECTION IV: SAFETY

Patient safety is the prevention of harm to patients while receiving health care. It's a fundamental principle of health care, and it's considered the foundation of high-quality care. Patient and family input and insight about safety considerations and risks is an essential component of safety improvement work.

24. For each of the following items, indicate your PFAC's level of involvement.

a. Patient/family advisers were represented at board meetings: **Regularly**

b. Patient/family advisers were consulted on safety goal-setting and metrics: **Never**

c. Patient/family advisers participated in safety improvement initiatives: **Never**

25. Summarize your PFAC's contributions to patient safety work at your organization.

While having nursing, Mobile Integrated Health, case management and physician leadership, as well as the CEO, present updates and reviewing processes in place, this gives our PFAC the opportunity to share feedback from the patient perspective and ask questions they may have not been considered. For example, pointing out confusing signage, unclear instructions, or gaps in discharge instructions.

SECTION V: ADDITIONAL INFORMATION

26. Indicate the committees within your organization on which a PFAC member serves:

27. Are there any PFAC-led workgroups or projects you would like to highlight?

An identified knowledge deficit, both by the community and providers was the topic of Palliative and Hospice care. As a result, PFAC organized a community event as an informational regarding Palliative and Hospice Care and created a pamphlet for Hospice/Palliative care.

SECTION VI: LOOKING AHEAD

28. Does your PFAC have goals for the current year? **Yes**

a. If yes, what are your PFAC's goals for the year?

This has not yet been determined, but will be after our Palliative/Hospice Care projects are complete.

29. Do these goals support the organization's goals and priorities for the year? **Yes, the goals directly relate**

a. If yes, in what ways do these goals support the organization's goals and priorities?

All PFAC contributions support the organization's goals and priorities.

30. Is there anything else your hospital would like to highlight that has not been captured above?

This year our PFAC has had members taking on new responsibilities, and well as Co-chairs navigating the new experience of leading a PFAC. Our goal is to ensure we are contributing to work that is meaningful and representative of how our community can best be served. We have a passionate council that has been instrumental in advancing our work.
